

UNO

SMART AND SPACE-SAVING

- + Accepts all container types; aluminium, plastic, glass, refillable and non-refillable
- + Free-standing solution
- + Ideal for locations like gas stations, convenience stores, hotel lobbies etc
- + Designed for stores that accept a modest volume of containers per week

The small footprint make the UNO easy to place in any location. Smart technology push containers to all free space inside to maximize storage capacity.

EFFICIENT STORAGE CAPACITY

- 1 The upper storage bin can accumulate all container types excl. glass. Vertical stacking of containers is achieved by using the patented technology.
- 2 The lower storage bin can accumulate all container types incl. glass. It can be wheeled away for convenient emptying.

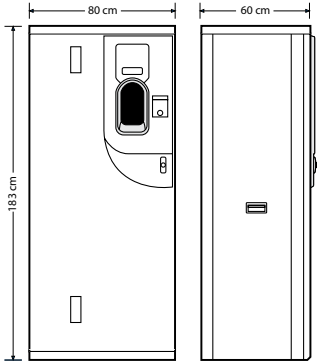

1 Type of container. Capacity Upper storage bin	
0.33 l cans	250
0.5 l PET bottles	175
1.5 l PET bottles	61

2 Type of container. Capacity Lower storage bin, SoftDrop	
0.33 l glass bottles	250
0.5 l PET bottles	200
1.5 l PET bottles	75

EASY TO HANDLE

Plug and Play installation. It's easy to empty all storage compartments. The areas that need cleaning are clearly marked.

Dimensions		Maintenance		
 <p>COMPACT IN SIZE Takes up 0,48 m² of floor space and can be conveniently installed anywhere in the store.</p> <p>Height: 183 cm Width: 80 cm Depth: 60 cm Weight: 140 kg</p>		<p>Three buttons user interface. Easy removal of modules for cleaning.</p> <ul style="list-style-type: none"> • Blue = cleaning • Red = emptying lower storage bin section • Yellow = emptying upper storage bin section 		
Container specifications	Performance	Environmental	Electrical	Connectivity
<p>Diameter 50-115mm, Height 80-380mm</p> <p>Accepts refillable and non-refillable containers: glass bottles, PET bottles and cans</p>	<p>Up to 20 containers per minute</p>	<p>Maximum 90% relative humidity, non-condensing. The machine has been designed for indoor use only.</p> <p>Temperature: 0°C to +40°C</p>	<p>Power consumption Idle 40W, Max 500W Mains 110-260VAC, 50/60Hz, minimum 10A</p> <p>Single phase with ground</p>	<p>LAN (Ethernet TCP/IP)</p>

UNO POSSIBILITIES

Optional equipment
<ul style="list-style-type: none"> • SoftDrop™ bin • ISDN adapter • GPRS adapter • Coin dispenser • Electronic receipt • Bag hook • Cashless payment systems • UNO Extended protection kit

LEADING THE RESOURCE REVOLUTION

30 billion used beverage containers are captured every year by TOMRA's reverse vending machines. TOMRA's total avoided greenhouse gas emission equals the annual emissions from 2 million cars—each driving 10,000 kilometers.
